Recipient Story #1

In May 2019, with no prior health issues, the recipient's daughter had a seizure at school. Unlike most people, she did not wake up from her seizure for 36 hours. She was rushed to the hospital where they had to intubate her due to her not breathing well. This incident led to testing that as of today, still has not provided a diagnosis. They were headed to the Mayo Clinic for additional testing in February, but due to a seizure at the airport were unable to fly. As COVID-19 hits our country, their trip has been put on hold once again.

HOW OHH ASSISTED

\$10,000 was granted to the recipient to cover previous transportation costs not covered by insurance, i.e. ambulances, and help with trip to Mayo Clinic.

Recipient Story #2

The recipient was airlifted to San Antonio where he underwent emergency gallbladder surgery. His kidney function went up a few numbers, so they sent him home. A week later, he was still sick and in so much pain that he couldn't hold down food or water. He went back to his doctor and was readmitted to the hospital and found to have had a severe reaction to the barium.

HOW OHH ASSISTED

\$5,500 was granted to the recipient to help cover his family's mortgage until he's able to go back to work.

National Results

In September 2019, OHH officially reached the **\$5 million** mark for funds distributed to oilfield families in crisis.

THANK YOU for your ongoing support as we change the lives of oilfield families.
