# Recent Grant Recipient Cases

## Case #1

With a career in the oilfield spanning ten years, a woman and her husband were struck with not only one but several debilitating illnesses, having medical insurance only covered the doctor visits and some of the medications. Being out of work and with all of the other bills that never seem to stop coming, they found themselves in dire straights. Before turning to OHH, they were denied Medicare, supplemental insurance, however, were able to get approved for SNAP.

## How OHH Assisted

\$10,000 was granted to the recipient to cover their mortgage and car payments to get them to work and the doctors and have a roof over their heads until things get better.

## Case #2

With a career in the oilfield spanning nine years, a man's work hours were cut significantly, which lead him to get behind on his apartment rent and get evicted. Homeless and staying at motels and truck stops. His car was not running and sitting in his company's parking lot.

## How OHH Assisted

\$5,500 was granted to the recipient to help them get back on their feet.
